

# OUR STORY

Founded nearly 30 years ago, Twin Vee PowerCats is dedicated to creating a premier customer experience by designing, building, and supporting the “Best Riding Boats on the Water.”™ Our unified vision has allowed us to create a brand synonymous with excellence and innovation in the power catamaran world.

Headquartered in Fort Pierce, Florida, Twin Vee’s experienced craftsmen give painstaking attention to every detail of each Twin Vee PowerCat. Our skilled team members are enthusiastic about constructing the best personal watercraft, providing an unsurpassed boating experience at an affordable price. Our company-wide commitment to excellence is born out of a passion for what we do.

Twin Vee consistently develops new, exciting, and groundbreaking products that appeal to boat lovers because we love boating too! Our prestigious boats are renowned for their best-in-class design, features, equipment, and workmanship. Twin Vee boats are versatile, allowing owners to use them for a wide range of activities that will enhance any day on the water with family and friends.

By controlling all aspects of production, Twin Vee is able to maintain the highest levels of quality assurance. Our iconic power catamarans are built from the best components and materials, fabricated either in-house or obtained from premium suppliers.

Twin Vee has sold more than 7,000 PowerCats worldwide and received numerous accolades for industry distinction. Performance, quality, style, innovation, craftsmanship, and our customer-first service pledge are the hallmarks of our brand. And as the market leader in the power catamaran segment of the marine industry, we are just getting started!

## 340 GFX

### *CENTER CONSOLE*

Nearly two feet wider and six feet longer than the 280, the 340 takes a huge leap forward in deck space.

Bow to stern leaning pads, redesigned seating arrangement, and dual livewells put the emphasis on fishing. Dual tackle stations and 16 drained rod holders make life easier.

Eight hundred horses gallop you to the fishing grounds and the Lewmar stainless windlass holds you there.

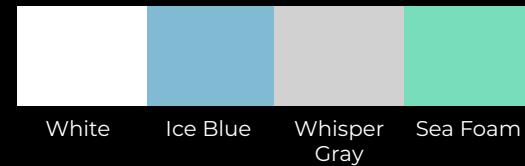

## SPECIFICATIONS

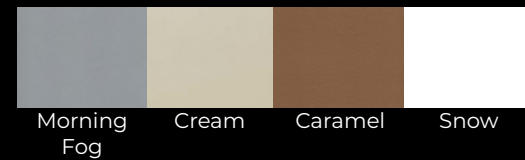

**LOA:** 34'  
**BEAM:** 11'4"  
**FUEL CAPACITY:** 382 Gallons  
**DRY WEIGHT:** 11,300 Lbs  
**DRAFT:** 22"  
**MAX HORSEPOWER:** 800 HP  
**LIVWELL CAPACITY:** 2x45 Gallons
